Uniform Campus Crime Report

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, codified at 20 USC 1092(f) as a part of the Higher Education Act of 1965, is a federal law that requires colleges and universities to disclose certain timely and annual information about campus crime and security policies. All public and private post-secondary educational institutions participating in federal student aid programs are required to comply with it. The law, originally enacted by congress in 1990 as the Campus Security Act, was initiated by Howard and Connie Clery after their daughter, Jeanne, was tragically murdered at Lehigh University in 1986. Amendments to the Act in 1998 renamed it in memory of Jeanne Clery.

The Clery Act requires colleges and universities to publish an annual report every year by October 1 that contains three years of crime statistics and certain policy statements including sexual assault policies, which assure basic victims' rights; the law enforcement authority of campus police; and where the students should go to report crimes.

The San Francisco Community College District Police Department (SFCCDP) prepares and is required to provide the Department of Justice with an annual report containing the number and type of criminal offenses committed within the jurisdiction of the SFCCDPD as well as citations being issued, and arrests made. This information is forwarded to the Federal Bureau of Investigations for inclusion in their annual publication, Crime in the United States.

The federal Clery Act requires the college to provide additional information to the community. Crimes that must be reported include murder, manslaughter, sexual offenses, domestic violence, dating violence, robbery, aggravated assault, stalking, burglary, motor vehicle theft and arson. In addition, the college must report arrests or disciplinary referrals for liquor, drugs and weapons offenses and hate crimes by classification.

The Clery Act requires any college official having knowledge of criminal acts as defined by the Clery Act to report that information to the District Police Department for inclusion in the annual safety report. The report also includes Public Property crimes of the campuses surrounding areas compiled by San Francisco Police Department's Crime Analysis Unit. Once the information is gathered, the District Police Department prepares the Annual Security Report (ASR)

Students Right to Know

The San Francisco Community College District Police Department "Annual Security Report" is the department's student *right to know report*. The report is posted on the SFCCDPD web site, and hard copies are made available to the public at each Center's police department and on the Ocean campus at the SFCCDPD headquarters located in Bungalow 800. Please call (415) 239-3200 for more information on how to obtain a copy.

An electronic daily crime log is maintained in the SFCCDPD headquarters and is available for review by the public during normal business hours. It also can be found at:

<https://www.ccsf.edu/campus-police/clery-act-and-crime-activity-log>

Timely Warning Statement

Timely warnings must be reported for incidents that are confirmed to pose a substantial threat of bodily harm or danger to members of the campus community. Timely warnings are issued on a case-by-case basis for Clery Act crimes or other serious incidents reported to the District police department, campus security authorities or local police agencies that pose “serious and ongoing threats” to students and employees on campus, at a Center, or in the immediate campus community.

In deciding whether to issue a timely warning, the District considers all the facts surrounding the incident such as the nature of the crime, the continuing danger to the campus community, and the possible risk of compromising law enforcement efforts. Incidents that may result in issuing a timely warning include the following Clery Act crimes:

- Murder
- Non-Negligent Manslaughter
- Manslaughter by Negligence
- Sexual Assault
- Robbery
- Aggravated Assault
- Burglary (not including auto burglary)
- Motor Vehicle Theft
- Arson
- Hate crimes

The intent of a timely warning is to enable members of the campus community to protect themselves. A timely warning will include information that promotes safety and aids in the prevention of similar crimes. Such information may include:

- A brief statement of the incident
- Possible connection to other incidents, if applicable
- Physical description of the suspect, if available
- Composite drawing of the suspect, if available
- Date and time of the incident
- Other relevant information

The District’s Police Department is responsible for issuing timely warning and emergency notifications in compliance with the Jeanne Clery Act, 20 U.S.C. 1092(f). Timely warnings will be issued in response to specific reported crimes as noted above committed either on campus or, in some cases, off campus that, in the judgment of the District, constitute an ongoing or continuing threat to students and employees.

Anyone with information believed to warrant a timely warning should promptly report the circumstances to the District Police Department by phone (415-239-3200), email police@ccsf.edu or in person at the Dispatch Center (Judson Village Bungalow 800). The Police Department will consult, as appropriate and necessary, with other college officials regarding whether a timely warning should be issued. The decision to issue a timely warning shall be made on a case-by-

case basis after consideration of the available facts, including factors such as the nature of the crime, the continuing danger of risk to the campus community, and the possible risk of compromising law enforcement efforts. Timely warnings may be issued for other reported crimes as deemed appropriate under the circumstances. The decision will be made in compliance with the Clery Act and in an effort to provide ongoing public safety.

When a determination is made that a timely warning should be issued, the District Police Department's Chief of Police or designee will take appropriate steps to develop and ensure a timely notification is issued to the campus community. Options for the notification include, but are not necessarily limited to, the District's RAVE mass notification system (text and email), outdoor notification system, campus-wide e-mails, physical postings on doors and bulletin boards, or the Police Department website. The warnings will include some or all of the following information: the date, time and location of the reported crime; a summary of the incident; a description of the suspect and/or vehicle, if available; and any other special instructions or incident specific safety tips. Emergency notices shall be issued in response to non-criminal incidents such as but not limited to earthquakes, fires, chemical hazard leaks, electrical malfunctions and severe weather notifications. Emergency notices shall be forwarded to the campus community as outlined for timely warnings.

To report a crime or an emergency off campus, dial 911.

Annual Disclosure of Crime Statistics

The "Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act" is a federal law that requires institutions of higher education (colleges and universities) in the United States to disclose campus security information including crime statistics for the campus and surrounding areas. All institutions of post-secondary education, both public and private, that participate in federal student aid programs must publish and disseminate an annual campus security report in addition to providing timely warnings of any criminal activities. To comply with the Act, The San Francisco Community College District Police Department is responsible for gathering crime statistics and providing safety information to all students, employees, visitors and prospective students and employees of the District. The Chief of Police designates public safety personnel to oversee this process, which includes, collection of in-house data, as well as request statistics annually, via written correspondence from local law enforcement agencies and Campus Security Authorities.

Crime Reporting Procedures

San Francisco Community College District endorses a reporting policy that strongly encourages community members, students, staff, faculty, and guests to report all criminal activity and emergencies to the San Francisco Community College District Police. District police officers will be dispatched to all calls that are reported and will investigate them in a properly timely manner. The officers will assess the situation and will call for the appropriate emergency personnel (SFPD, fire and medical), if necessary. If you desire to report the crime later, please contact our office at 415-239-3200 or visit the District Police Department in Bungalow 800 (Judson Village) on the Ocean campus. In addition, you can contact your local police department.

Crimes or emergencies in progress or those that have just occurred should be immediately reported to the District Police Department's Dispatch Center by dialing (415) 239-3200 or 9-1-1. Calls can also be made from any emergency call box. Some buildings have white courtesy phones which dial directly to the Dispatch Center. The District Police Department has the primary jurisdiction and responsibility to provide police services to the City College Ocean campus and Centers.

The District Police Department's hours of operation are 7 days a week, Monday thru Sunday from 6:00 am to 1:00 am the next day. During holidays, winter break and spring break, the District Police Department operational hours are from 7am to 5pm. To report incidents between the hours of 1:00 am and 6:00am, dial 911 for emergencies only or call the San Francisco Police Department's (SFPD) non-emergency number at (415) 553-0123. SFPD will provide you with assistance and will send report information to the District Police Department for crimes that are required to be included the annual security report.

Non-Emergency assistance can be obtained by calling the District Police Department's Dispatch Center at (415) 239-3200 or visiting the District Police Department which is located at City College's Ocean Campus in Bungalow 800 (Judson Village)

Under Clery act guidelines, a crime is "reported" when it is brought to the attention of a Campus Security Authority (CSA) or local law enforcement personnel by a victim, witness, other third party or even the offender. It does not matter whether the individual(s) involved in the crime, or reporting the crime, is associated with the institution. If a Campus Security Authority (CSA) receives the crime information and believes it was provided in good faith, he or she should document it as a crime report. In "good faith" means there is a reasonable basis for believing that the information is not simply rumor or hearsay. That is, there is little or no reason to doubt the validity of the information.

The Chancellor shall assure that, as required by law, reports are prepared of all occurrences reported to the District police of and arrests for crimes committed on the campus that involve violence, hate violence, theft or destruction of property, illegal drugs, or alcohol intoxication. The Chancellor shall further assure that required reports of noncriminal acts of hate violence are prepared. Such reports shall be made available as required by law.

Reporting of Crimes BP 2.12

<https://www.ccsf.edu/sites/default/files/2021/document/bp-2-12.pdf>

Campus Security Authority 34 CFR 668.46(a)

While not defined in statute, regulations provide that CSAs include *campus police or security departmental personnel; individuals or organizations identified in institutional security policies; and individuals with security-related responsibilities*. The definition at 668.46 (a)(iv) states that a CSA also includes an official “who has significant responsibility for student and campus activities.” Example of Campus Security Authorities are, but not limited to: Dean of Student Affairs, Director of Athletics Department, Team Coaches, or Faculty Advisors.

Voluntary, Confidential Reporting

Criminal reporting of criminal activity particularly crimes of sexual violence, may be made allowing the victim, at their request, to remain anonymous. Typically, these reports occur when the victim does not wish to pursue any legal or criminal action but wants the District police to be aware of the incident for the purpose of making a timely warning report, and for inclusion in the annual statistics disclosure. If you would like to confidentially report a crime or related concern and remain anonymous by doing so, please contact the District Police Department at **(415) 239-3200**.

Pursuant to California Education Code §67380(a)(6)(A)12, Campus Security Authorities (CSAs) who receive reports from employees or students of a Part I violent crime, sexual assault or hate crime that occurred on campus as defined by the Clery Act, may not disclose to the District police or local law enforcement agencies, the names of the victims or the alleged assailant, unless the victim consents to disclosing their name after being informed of their right to have their personally identifying information withheld.

The name of the alleged assailant may be disclosed, however, if all the following conditions are met:

- The alleged assailant represents a serious or ongoing threat to the safety of students, employees, or the institution; and
- The immediate assistance of the District police or local law enforcement agency is necessary to contact or detain the alleged assailant.

Anonymous Reporting

“Anonymously” means that the reporting party reports to the District without identifying themselves and want someone in the college to be aware of the experience, but do not want to be involved in an administrative investigation. If you would like to report a crime or related concern and remain anonymous by doing so, please contact the District Police Department at **(415) 239-3200**.

Additionally, the District offers the ability for students and employees to report incidents anonymously, if you choose, via email at police@ccsf.edu. These email reports will be made

available only to specific individuals within the District who are charged with evaluating the type of violation and location of the incident.

An anonymous report of alleged discrimination, harassment, sexual misconduct, and retaliation is forwarded to the HR manager, ordinarily within 24 hours, for follow-up. The District may be limited in its ability to investigate or respond to anonymous reports if it does not have sufficient information from which to follow up on such a report.

Unfound Crime Report

Only sworn or commissioned law enforcement personnel can make a formal determination that the report was false or baseless when made and that the crime report was therefore “unfounded.”

Crime reports can be properly determined to be false only if the evidence from the complete and thorough investigation establishes that the crime reported was not, in fact, completed or attempted in any manner.

Crime reports can only be determined to be baseless if the allegations reported did not meet the elements of the offense or were improperly classified as crimes in the first place. A case cannot be designated “unfounded” if no investigation was conducted or the investigation was not completed. Nor can it be designated unfounded merely because the investigation failed to prove that the crime occurred; this would be an inconclusive or unsubstantiated investigation. The department must document, demonstrate that the determination to “unfound” the crime was based on the results of the law enforcement investigation and evidence.

Confidential Resources

Students: Confidential resources are available for students and should be accessed when an individual would like to talk to someone in confidence without having that person share the information with anyone else. Students may seek assistance through Student Health Services, which include personal counseling, virtual counseling, therapy groups, crisis support, and sexual assault information.

Student Health Services promotes student success and the well-being of the whole student: physically, mentally, and socially. Student Health Services strives to provide high-quality, accessible, and culturally responsive health care. Student Health Services can be contacted at (415) 239-3110 or by email at studenthealth@ccsf.edu.

Student Health Services hour of operation are Monday through Thursday from 9am to 4pm.

All Student Health Services provided are confidential. This means that the student’s permission is needed to speak with anyone outside the clinic about the student. Student Health Services cannot tell anyone that the student is receiving services. In certain exceptional circumstances, Student Health Services are required by law to break confidentiality, such as suspected child or elder abuse, danger to self or threats against others, or if a court has issued a subpoena for information.

Employees: The Employee Assistance Program (EAP) benefits are available to assist District employees deal with life’s challenges, to connect them to helpful resources, to help build skills, and to encourage self-care and emotional well-being. EAP services are free, confidential, and voluntary. EAP benefits are provided by San Francisco Health Care System and can be accessed at (628) 652-4600 or by visiting the [Employee Assistance Program Website](#). Service is available 7 days a week, 24 hours a day. In addition, the EAP offers additional resources related to Self Help, Self-Care, and Well-Being.

Professional Counselors and Pastoral Counselors

Professional Counselors, whose official responsibilities include providing mental health counseling, when acting in that capacity for the District within the scope of their license or certificate, are exempt from disclosing information on crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, counselors are encouraged, when they deem it appropriate, to inform persons being counseled of the procedures to report crime on a voluntary basis for inclusion into the annual crime statistics.

There are no pastoral counselors that are employed by the District.

Call Procedures for Emergencies

Students, employees, and visitors are strongly urged to report all suspicious, criminal, violent, and/or potentially violent activities, on campus, immediately to the District police department. Notifications can be made as follows:

To request an escort, call the District Police Department at (415) 239-3200, activate the nearest emergency blue light phone, courtesy white telephones, or by elevator emergency phone. Escorts may be provided by vehicle or on foot, as available.

The District Police Department provides escort services from 6am to 1am the next morning.

Emergency Notification, Response, and Evacuation Statement

Emergency Notification: District Police receive emergency and incident information from various sources such as our dispatch center, San Francisco 911 Emergency Communication Center, Department of Emergency Management (DEM) and other law enforcement agencies. Once first responders confirm that there is a significant emergency or dangerous situation that poses an immediate threat to the health or safety of the campus community, first responders will notify the District Police Department to issue an emergency notification.

The District Police Department is responsible for the District’s emergency notification system, "RAM Alert!". It is activated as needed for significant emergencies, dangerous situations, or other conditions that present an imminent risk or immediate threat to the health and safety of students, employees, or visitors to the Ocean campus and Centers.

The District Police will, without delay and considering the safety of the community, determine the content of the notification and initiate the “RAM Alert!”, unless issuing notification will, in the judgment of emergency response personnel, compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. In the event of a serious incident that poses an immediate threat to members of the campus community, the District will use the “RAM Alert”.

A “RAM Alert!” may also be activated for conditions that present an imminent risk to District property or the environment, or as required by the Higher Education Act, state law, or other applicable procedure. District police first responders and other campus officials may be dispatched by the District Police Department as necessary to any reported or suspected crisis first. The District Police and other campus officials may initiate confirmation and verification of the existence of a crisis before a “RAM Alert!” is activated.

If a significant emergency or dangerous situation occurs, the District Police will:

- Confirm the existence of a significant emergency or dangerous situation
- Determine the appropriate segment or segments of the campus community to notify
- Determine the content of the emergency notification

Afterwards, the District Police Department's Chief of Police or designee will immediately activate the RAVE Mass Notification System and send a "RAM Alert!"

In addition, the District Chief of Police or designee will be responsible for communicating with all outside law enforcement and emergency service agencies including medical services.

In consultation with the District Chancellor and District Chief of Police, the Office of Marketing and Public Information and/or Vice Chancellor of Finance will be responsible to maintain communications with local and national news outlets.

Community Notification

CCSF has partnered with RAVE Mobile Safety to provide emergency communications and other important information via text and email "RAM Alerts." Employees and students are automatically enrolled in the system via information in the Banner program. Campus community members are asked to keep their cell phone information updated via your Web4 access, www.ccsf.edu/web4. Once registered, you can opt out of SMS messages at any time by texting STOP to 226787.

The District police department is responsible for the District's emergency notification system, "RAM Alert!". It is activated by the Chief of Police or his/her Command Staff designees as needed for significant emergencies, dangerous situations, or other conditions that present an imminent risk or immediate threat to the health and safety of students, employees, or visitors to the Ocean campus and Centers.

Dissemination of a "RAM Alert!" may include, but is not limited to, text messages, District-owned computer takeover, e-mail, social media, electronic billboards, website notification, audible alerts, local media outlets, and prominent posting of notices on campus buildings, when an offense occurs in or around a particular building.

Furthermore, a large number of first responder vehicles are equipped with Public Address (PA) Systems. These units can be strategically placed throughout the campus to facilitate communication through the PA system. The District posts updates on the campus website and via the above-described systems during a critical incident.

In deciding which segment of the Ocean campus population or Center to issue an emergency message through a "RAM Alert!" to, the District considers all the facts surrounding the incident such as the location, day, time and nature of the crime, the continuing danger to the campus

community, and the possible risk of compromising law enforcement efforts. Emergency notifications will be brief and contain the following information:

- The nature and location of the emergency
- Who is responding (e.g., police, fire, medical)
- Instructions (e.g., evacuate, shelter in place, lockdown)
- When and how further updates will be disseminated
- Emergency contact information (phone numbers and/or web sites)

Emergency Response and Evacuation

Evacuation drills are conducted at least once per calendar year. These tests are designed to assess the readiness and capabilities of students, employees, and first responders. These tests and exercises are conducted in conjunction with a test of the “RAM Alert!” system. In addition, the “RAM Alert!” system is tested several times throughout the year.

- Emergency response and evacuation drills are announced
- An email is sent to employees and students at least 72 hours prior to the drill
- The “RAM Alert!” system is exercised or used in conjunction with scheduled drills to maintain awareness of the system by employees and students.
- The District publicizes its emergency response and evacuation procedures in conjunction with at least one systemwide test or exercise per calendar year.
 - The District posts an Emergency Procedures flip chart in all classrooms, offices, and academic facilities District-wide.
 - The Emergency Procedures flip chart in booklet form is available on the District Police Department’s website at:
- The District Police maintains documentation that records the use of the emergency notification system. Data includes the date, approximate time(s), incident type, location, and the warning devices used of any issuance, to include system tests and drills
- The District Police Department maintains and coordinates activation response status to ensure redundancy of personnel needed to activate campus warning systems.

District Police Department staff and District Building Evacuation Team volunteers that are assigned to specific buildings and/or Centers attend training on how to properly assist District Police with the evacuation process for their building and/or Center. After training, they attend a

live evacuation drill to practice their skills in evacuating their building and/or Center during operational hours.

During these evacuation drills, the Director of Facilities and an Engineer are on sight to evaluate the fire alarm system, elevator responses, check for impediments to the flow of pedestrian traffic, and assist with the overall safety of the evacuation drill.

Security and Access to Campus Facilities

The San Francisco Community College District is comprised of the following properties:

- Ocean campus
- Chinatown Center
- Downtown Center
- Evans Center
- John Adams Center
- Mission Center
- Civic Center

The San Francisco Community College District campus and Centers are, by law, open to the public during operational hours. In general, the hours of operation are as follows:

- Ocean Campus and Centers:
 - Monday – Thursday, 7:00am to 10:00pm
 - Friday, 7am to 6pm
 - Saturday, 8:00am to 5:00pm
 - These times are subject to change

Special events are held throughout the year and vary in dates and times on the Ocean campus and Centers. In general, the Ocean Campus and Centers are not open to the public during non-operational hours, with exception to scheduled special events or classes.

The San Francisco Community College District Police Department has the authority to deny access to any Center or Ocean campus building after operational hours. During non-operational hours, stairwells, gates, and doors are secured by custodial staff at the end of each evening. All Ocean campus buildings and Centers are protected by intrusion alarms. Custodial staff has the responsibility of activating the alarms systems at each site.

The District Police Dept. will respond to all intrusion alarm and fire alarm activations during police department business hours between 6am and 1am the following morning.

The San Francisco Police Department will assist with alarm activations between the hours of 1am to 6am. In addition, to assist the San Francisco Police Department during early morning alarm activation, the District Police Dept. assigns a Sergeant to be on-call 7 days a week from 1am to 6am to respond and assist SFPD with their response to intrusion alarm and fire alarm activations.

Unauthorized persons are not allowed into buildings which are secured during non-operational hours, weekends, semester breaks, and holidays. Students are not permitted to access the Ocean campus, Centers, or use any facilities during non-operational hours, unless physically supervised by an on-site instructor, or advisor. District personnel working during non-operational hours should inform the District police of their location and approximate duration of stay. If an individual or group wants entry into or use of a facility, they must in advance complete a Facility Usage Agreement application for use of District Property. This permit is issued from the office of Buildings and Grounds located on the Ocean Campus.

Keys should never be loaned to other staff members or students nor should alarm codes be shared. Duplication or unauthorized possession of college keys is a violation of **California Penal Code Section 469 and is punishable as a misdemeanor**. Lost keys must be reported immediately to Buildings and Grounds, and to the District Police Dept.

The District police provide additional security through the monitoring interior areas using surveillance cameras. Additionally, sensitive areas are protected by intrusion alarms, which are monitored by an off-site alarm monitoring company that contacts the District police department when an alarm is activated for a police response.

The Facilities department provides high quality services in a fiscally sustainable, responsive, and friendly manner to foster safe, effective, and inspiring physical environments that encourage successful teaching and learning. They are responsible for the operation and repair of real property facilities and systems. Their team handles reactive maintenance, preventive maintenance, and deferred maintenance.

The Facilities committee meets once a month and it is open to the public. Topics range from upgrades to areas within the District as well as future developments. For more information visit: <https://www.ccsf.edu/about-ccsf/administration/finance-and-administration/office-facilities-and-capital-planning/buildings-grounds>

The District community is also encouraged to report unsafe conditions along with environmental health and safety issues to the District Police Dept. at 415-239-3200. You can also report the unsafe conditions by submitting an online work order by using the Building & Grounds BIM-Genie website: <https://system.onuma.com/static/ng2/wo/request/new/studio/137/site-group/16>

Campus Law Enforcement

The San Francisco Community College District Police Department is a California Commission on Peace Officer Standards and Training (P.O.S.T.) approved agency and has duly sworn peace officers, whose authority is granted by section 830.32(a) of the California Penal Code and section 72330 of the California Education Code. The District police department maintains primary law enforcement jurisdiction for all crimes and incidents occurring on District properties. District Police officers have police authority throughout the state whose primary law enforcement jurisdiction is for crimes occurring on District property. District police officers have full powers of arrest, enforce all applicable local, state, and federal laws.

District police officers employed by the San Francisco Community College District meet all training requirements as mandated by P.O.S.T. Police officers are updated in training throughout the year to include defensive tactics, first aid/CPR and legal updates. Officers receive training in emergency preparedness, crime prevention and specific training designed to meet the diverse needs of the college community. In addition, police officers attend POST mandated Perishable Skills training bi-annually.

District police officers patrol the Ocean campus and Centers from 6:00 am to 1:00 am the next day, Monday thru Sunday, and 7:00 am to 5pm during holidays, winter break, and spring break.

In addition to District police officers, the District Police Department employs thirteen non-sworn Campus Control Aides, 1 Dispatcher, and 1 Executive Assistant to the Chief.

Campus Control Aides are not police officers. They wear distinctive gray uniforms for easy identification and assist with patrolling the Ocean campus and Centers, working special events, crime prevention measures, parking enforcement, provide escorts, and assist with outreach efforts. Most are assigned to provide security services at our Centers, and a few are assigned to assist in the Dispatch Center.

As non-sworn personnel, Campus Control Aide employees strictly patrol District properties. They have no jurisdictional authority and have the same arrest powers as a private citizen. Public safety activity is conducted on and around the campuses by means of foot, bicycle, and vehicle patrols.

District Memorandums of Understanding

The District maintains operational agreements/memorandums of understanding that comply with California Education Code §67381(a); the “Kristin Smart Campus Safety Act and Higher Education Opportunity Act” clarifying that the District police department is the primary law enforcement agency for all crimes occurring on District properties or facilities and designating which law enforcement agency shall have operational responsibility for specific crimes. The District police focuses enforcement and prevention efforts in our primary jurisdiction to include all property owned, leased, controlled, and/or operated by the District. District police share

concurrent law enforcement jurisdiction on all adjacent public streets, areas, and in communities surrounding the District properties and collaborate with all local, state, and federal law enforcement agencies.

The San Francisco Community College District Police Department's Memorandum of Understanding (M.O.U) between the San Francisco Police Department (SFPD) and the San Francisco Chief Medical Examiner specifies that the District Police Department will be the primary reporting and preliminary investigating law enforcement agency for all crimes except Homicide, Suicide, and those death cases deemed suspicious by the Medical Examiner of San Francisco, occurring on the San Francisco Community College District properties.

District police officers shall also consult with SFPD on any case where it is deemed a particular expertise is needed, i.e., fraud, gang activities, terrorist threats, etc. Additionally, SFPD shall be called upon to address significant bomb threats particularly in the case in which a devise is located. The District Police Department's staff shall provide whatever assistance needed to help facilitate an SFPD investigation in cases that are both San Francisco Community College District related or SFPD cases outside the San Francisco Community College District jurisdiction.

The San Francisco Community College District Police Department has a second MOU between the City & County of San Francisco Police Department (SFPD), City & County of San Francisco District Attorney's Office (SFDA), and the San Francisco Trauma Recovery Center/Rape Treatment Center (TRC/RTC).

The purpose of this MOU is to meet the statutory requirements established by AB 1433 (Gatto, 2014), specified in California Educational Code 67333(a) and 67331, requiring covered institutions to adopt and implement written policies and procedures to ensure that reports of Part 1 violent crimes, hate crimes or sexual assaults are immediately, or as soon as practicably possible, disclosed to local law enforcement.

It is further the purpose of this MOU to promote collaboration between the Parties to enhance the reporting, investigation, and appropriate response to sexual assault and other covered crimes.

Non-Campus Locations:

The District does not recognize or sanction any non-campus fraternity or sorority houses. Likewise, student organization recognition does not extend beyond the District, and student organizations are not recognized to engage in activity off-campus.

What to do if You are Sexually Assaulted

- Get to a safe place.
- Contact the District Police at (415) 239-3200 or call 911.
- Make every effort to preserve any physical evidence of the assault. This includes not showering or disposing of any clothing or other items that are present after or during the assault.
- Seek medical attention.
- Seek emotional support from a Rape Crisis Center.

Signs of an Abusive Person

- Past abuse
- Threats of violence or abuse
- Breaking objects
- Any force during an argument
- Jealousy
- Controlling behavior
- Quick involvement (claims love at first sight)
- Unrealistic expectations
- Isolation (victim not able to have friends)
- Blames others for problems
- Blames others for their feelings
- Hypersensitivity
- Cruelty to animals or children
- “Playful” use of force during sex
- Rigid sex roles
- Mood swings

What to do if You are Abused

- Get to a safe place.
- Contact the District Police at (415) 239-3200 or call 911.
- Talk to someone you trust. It is important to break the silence.

- Obtain a restraining order. The District Police can obtain a temporary restraining order once a judge is reached and presented with the facts.
- You can also go to your local law enforcement agency. For more information on how to file a restraining order please call or visit:

San Francisco Superior Court Live Helpline (415) 551-0605, website
<https://www.sfsuperiorcourt.org/divisions/ufc/domestic-violence>

Stalking

Stalking behaviors also may include persistent patterns of leaving or sending the victim unwanted items or gifts that may range from seemingly romantic to bizarre, following or “lying in wait” for the victim, damaging or threatening to damage the victim’s property, defaming the victim’s character, or harassing the victim via the internet by posting personal information or spreading rumors about the victim.

What to do if You are Stalked

- Assertively communicate that you want the behavior to stop and set personal boundaries.
- Try not to allow yourself to be isolated with the person.
- Tell family, friends, roommates, and co-workers about the stalking and seek support.
- Do not walk alone, particular at night. Call District Police at (415) 239-3200 for escort service to your vehicle or classroom.
- If you feel unsafe, you probably are and seek help. Take threats seriously.
- Danger is higher when the stalker talks about suicide or murder, or when the victim tries to leave or end the relationship.
- Do not confront a stalker. Got to a safe place and call the police.
- It is also a good idea to make a record of the stalking behavior. Keep a log including the date, time, what happened and the names of anyone who witnessed the incident.
- Save any packages, letters, messages, gifts, voicemails, or text messages from the stalker.

BYSTANDER INTERVENTION

Research on the causes of sexual violence and evaluation of prevention efforts indicates that bystanders are a key piece of prevention work. Bystander engagement is encouraged through safe and positive intervention techniques and by empowering third-party intervention and prevention such as calling for help, using intervention-based apps, identifying allies, and/or creating distractions. The most significant impacts of bystander training are on attitudes, including confidence as a bystander, intent to act, and perceived benefits of action. Bystander empowerment training also highlights the need for those who intervene to ensure their own safety in the intervention techniques they choose and motivates them to intervene as stakeholders in the safety of the community when others might choose to be bystanders.

- If you see someone being physically abused, or in potential danger call 911 immediately.

- In many cases, the first step to safety is the knowledge that the victim is not alone. It may help your friend or someone needing help to know that others experience abuse and that there are resources to get help.
- Be supportive and respectful. Make clear statements about your friend’s value and rights as a person, such as “No one deserves to be abused or assaulted.”
- Listen.
- Do not push your friend to leave. Support the choices your friend makes. Your friend already has someone in her/his life that is controlling. Your friend will feel empowered by not being told what to do.
- Do not criticize the abuser. A victim often has conflicting feelings about the abusive partner. If you are critical of the abuser, the victim may become defensive or may shut down. Instead, you can talk about behaviors that are negative by saying something like, “I am really concerned about how your partner treats you. Nobody has the right to put someone else down.”
- Find out about the resources that are available.
- Learn as much as you can about dating abuse.
- Encourage your friend to make a safety plan if they have decided to leave the relationship. Your part in a safety plan can include walking home together, checking in at certain times of the day, and having a code word your friend can use if they need immediate help.
- Encourage your friend to make a safety plan if she/he chooses to stay. This includes safe places to go if violence escalates, numbers to call, safe words that alert a friend that the victim/survivor needs help and to call 911.
- Do not confront the abuser. This can result in an escalation of violence against the victim.
- Do not slip a hotline card or any other information about abuse into someone’s bag or under a door. This can escalate the violence against the victim.
- Do not send a voicemail message or an email message about the abuse to your friend. You do not know if the abuser is monitoring the phone or the computer.
- Be careful about yourself. Let your friend know what you are comfortable doing and what your boundaries are.

Project SURVIVE

Project SURVIVE is a peer education program at City College of San Francisco which trains students to make classroom presentations on promoting healthy relationships. Peer educators, both women and men; suggest resources and information to help students build intimate relationships based on respect and trust. They also offer students strategies for identifying, avoiding, and leaving abusive relationships. Although Project SURVIVE focuses on ending sexual violence, especially violence against women, the program is dedicated to ending all forms of power abuse in relationships—both gay and straight—and in social groups and public institutions. By focusing on the real problem of violence against women while at the same time acknowledging the potential of power abuse by anyone, the program offers City College students an honest treatment of a serious problem confronting all of us.

Project SURVIVE holds to the principle that violence is a public health problem that can be alleviated, in part, through prevention education. The most empowering aspect of Project SURVIVE is that students deliver solutions to their peers in frank, open discussions. They approach the subject in a non-threatening, hopeful manner. Audiences are always receptive and often enthusiastic. Evaluations indicate that students appreciate learning from their peers—people they can identify with and trust.

Students become peer educators by enrolling in two courses: ***WOMN 54 “The Politics of Sexual Violence” and WOMN 55, “Ending Sexual Violence: Peer Education.”*** Students may also become eligible for the Sexual Health Educator Certificate. Peer educators visit a broad spectrum of classes (English, ESL, Learning Assistance, healthy, psychology, and human sexuality). They present Spanish-English and Chinese- English bilingual presentations at the Mission and Chinatown campuses. They also organize special events for Domestic Violence and Rape Awareness Months in October and April. Peers bring guest speakers to campus; show videos; create flyers, banners, and stickers; and host art installations and performances, such as the Clothesline Project, ReDressing Injustice, Drawing the Shades, Unheard Voices, The Writing on the Wall, and The Real Men Poster Project.

Project SURVIVE has been visiting classrooms since 1993. In 2006, they launched the Expect Respect SF program, collaboration between the college and community-based organizations, which offers all 16 San Francisco public high schools a comprehensive, coherent, and consistent healthy dating curriculum. They give nearly four hundred presentations each academic year, serving approximately 7,000 students.

For more information, call at 239-3899. If you are an instructor, invite them to your classroom. If you are a student, sign up for their classes so that you can become a peer educator and learn how to help other students promote healthy relationships.

Project Survive is located in Cloud Hall 402A or on the web at www.ccsf.edu/survive.

Code of Student Conduct & Student Discipline

After an alleged sexual assault incident occurs, the District will make every effort to assist the victim in changing their academic situation, if so requested and if such changes are reasonably available. Assist the victim in obtaining a restraining order against the perpetrator by working along with the District Police, SFPD, District Attorney's Office and The Superior Court of California, County of San Francisco. Disciplinary actions may be imposed on the individual students, student organizations, faculty and staff found responsible for the sexual assault, domestic violence, dating violence, and stalking.

Due Process Procedures

The purpose of these procedures is to provide a prompt and equitable means to address violations of the Student Code of Conduct, as set forth in Administrative Procedures AP 5.17. Due process is a student's right to notice of the violation and a fair and impartial opportunity to be heard. The investigation of alleged crime(s) will be conducted by trained officials.

Notice of Violation to student

When violations are reported to the Office of Student Conduct & Discipline a letter will be sent to the student informing them of the Student Code of Conduct violation. The letter is a Notification of Incident and Request for a meeting with the Disciplinary Officer. Student should adhere to any deadlines noted in the letter. Failure to adhere to deadlines will lead to a disciplinary hold placed on a student's academic record and possible suspension. The hold will prevent any transactions at the college, including enrolling/dropping classes, withholding transcripts, etc. Once a Disciplinary Conference is held, the student will be informed if the hold will be removed or remain on record. Once an appointment is scheduled. If an appointment needs to be rescheduled contact the Office of Student Conduct & Discipline in advance prior to the scheduled meeting. If the disciplinary meeting is missed, the Disciplinary Officer will proceed as if the meeting was held and impose applicable sanctions based on the reported violations. Depending on the nature of the allegation(s), in advance, the student is given the opportunity to bring an advocate to the scheduled disciplinary conference meeting.

Disciplinary Conference Meeting

At the Disciplinary Conference meeting, the Disciplinary Officer will briefly discuss the incident report and the violations. Student will have the opportunity to present their "side of the story." Student may be tentatively informed of the sanctions and actions that will be taken and warned that continued misconduct may result in the imposition of additional sanctions. Every case is decided individually. Within ten (10) business days of the completion of the Disciplinary Conference, the Disciplinary Officer may dismiss the allegation of misconduct or impose any of the following sanctions:

- Warning
- Reprimand
- Restriction
- Restitution
- Disciplinary Probation
- Removal from an Academic Program
- Removal from a Class Activity, or Site
- Suspension
- Expulsion

Except for a warning, all the above disciplinary sanctions become part of the student's college disciplinary record. The Disciplinary Officer may impose conditions for any or all the above sanctions. The outcome of the disciplinary conference will be mailed to both parties involved.

The following disciplinary sanctions are not appealable: warning, reprimand, disciplinary probation, restriction, restitution, and removal from an academic program, suspension from specific classes, activities, programs, labs, or locations. Repeated and/or multiple infractions may lead to greater disciplinary sanctions.

Request for an Appeal Hearing in Cases of Suspension or Recommended Expulsion

If the Disciplinary Officer imposes a suspension or recommends expulsion, the Disciplinary Officer will advise the student of a right to request an appeal hearing. A written request for appeal must be submitted via certified mail no later than five (5) business days after the Disciplinary Officer imposes a suspension or recommends an expulsion.

The grounds for an appeal of suspension are limited to new information, errors in the statement of facts or violations of a student's due process rights.

New Information: Information sufficient to alter a factual finding or recommendation not raised during the Disciplinary Conference.

Error in Statement of Fact: Factual evidence or information that is inaccurate, misleading, or misinterpreted.

Due Process: If the student does not appeal a suspension or recommended expulsion, then the suspension will be considered final.

Within fourteen business days of receipt of a Request for an Appeal Hearing, a written notice of an Appeal Hearing will be sent to the student. Failure to attend a scheduled hearing will automatically reinstate the suspension. A hearing will not be rescheduled. The Hearing Officer or Hearing Panel shall issue a written decision to the student within ten (10) business days following the days of the appeal hearing. The Hearing Officer may sustain the recommended sanctions imposed by the Disciplinary Officer or overrule the sanctions in whole or in part. If the Hearing Officer recommends expulsion, the matter will be submitted to the Chancellor for Board of Trustees' final action. The student has no further appeal of a suspension.

Confidentiality

From beginning to end, the district shall endeavor to maintain the identity of any alleged victim or witness of domestic violence, dating violence, sexual assault, or stalking on District property,

in confidence unless the alleged victim or witness specifically waives that right to confidentiality. All inquiries from reports or other media representatives about alleged domestic violence, dating violence, sexual assaults, or stalking on District property shall be referred to the District's Office of Governmental Affairs & Public Information, which shall work with the San Francisco Community College District Police Department to ensure that all confidentiality rights are maintained throughout the process. The District will also make every effort to assist the victim in changing and protecting their academic situation, if so requested and if such changes are reasonably available. The District may or may not assist in other areas such as: living, transportation, and working conditions.

Employee Disciplinary Proceeding

If the student complaint regarding an employee, a formal complaint can be submitted to the Director of Human Resources, whose role is to channel the complaint to the appropriate Vice-Chancellor and the Academic Senate. All parties shall be given written notice of the complaint.

Any party who submits a complaint must complete and submit the Student Complaint Against Instructor/Counselor electronic form which describes:

- The specific nature of the complaint and its history.
- All efforts which have been made to resolve the complaint.
- What the appealing party would consider a fair and appropriate resolution of the complaint.

Upon receiving the complaint, the designated Vice-Chancellor and the Academic Senate shall each appoint one member to a committee whose function shall be to hear and decide the matter.

The District will investigate all complaints alleging sexual assault under the procedure for sexual harassment investigations described in AP 2.30 regardless of whether a complaint is filed with the local law enforcement. All alleged victims of domestic violence, dating violence, sexual assault, or stalking on District property shall be kept informed, through the Title IX Compliance Office and/or the Office of Student Affairs & Wellness of any ongoing investigation. Information shall include the status of any student or employee disciplinary proceedings or appeal; alleged victims of domestic violence, dating violence, sexual assault or stalking are required to maintain any such information in confidence, unless the alleged assailant has waived rights to confidentiality.

In reaching its decision, the committee may take any action which could have been taken pursuant to the informal process, except that the committee may not redirect the matter.

The findings and decision of the committee must be made in writing and provided to the student, the faculty member, and the member's supervisor, and must encompass some or all the following results:

- Resolution of the complaint to the satisfaction of all parties
- Dismissal of the complaint with or without the consent of all parties
- Recommendation of appropriate action to the faculty member's supervisor. At the committee's discretion, its decision and the underlying student complaint may be inserted into the faculty member's personnel file

Formal complaints should be resolved as quickly as possible. Except under unusual circumstances, the written findings and decision of the committee should be provided within forty (40) semester instructional days of its receipt of the formal complaint. Any student or faculty member involved in a student complaint may, by his/her own initiative, provide representation of their choice.

If employee is found to be responsible for having committed such violation face discipline up to and including termination of employment. Actions may include, but not limited to warning letters, disciplinary probation, demotion.

Reporting of Possible Criminal Violation to the District Attorney

If the finding of an investigation is that a sexual or other assault pursuant the Administrative Procedure 2.32 has occurred, the District shall submit the investigation report to the San Francisco District Attorney's Office for their review. The Compliance Officer and other District employees will work cooperatively with the SFPD and the District Attorney. The District may report an incident to the SFPD prior to completion of an investigation. HOW TO RESPOND TO AN ACTIVE SHOOTER: RUN, HIDE, FIGHT

An active shooter is a person who appears to be actively engaged in killing or attempting to kill people in a confined and other populated area. In most cases, active shooters use firearms and there is no pattern or method to their selection of victims. Active shooter situations are unpredictable and evolve quickly, demanding immediate deployment of law enforcement resources to stop the shooting and mitigate harm to innocent victims.

Try to be aware of your environment and always have an exit plan. All employees and students can help prevent and prepare for potential active shooter situations. If you feel that an active shooter is on campus:

- Call District Police at (415) 239-3200
- Remain calm & answer the dispatcher's questions
- The dispatcher is trained to obtain information for emergency response
- If safe to do so, try to get a good description of the criminal.
- Note height, weight, sex, race, age, clothing, scars, tattoos, type of weapon of weapon used, direction of travel, and name if known
- If the suspect enters a vehicle, note the license plate number, make, model, color, and any characteristics. This is will help responding officers
- An individual must use his or her own discretion during an active shooter event as to whether he or she chooses to run to safety or remain in place. However, best practices for an active shooter event are RUN, HIDE, FIGHT:

RUN

- #1 priority, try to get yourself out of harm's way
- If there is an escape path, attempt to evacuate
- Evacuate whether others agree to or not
- Do not let others slow you down with indecision
- Leave your belongings behind
- Help others escape if possible
- Run away from the sounds of gun fire
- Look for an appropriate cover to hide behind such as a brick wall, a large tree, a parked vehicle, or any other object that may stop bullets
- Stay alert and be ready to transition to another location for cover
- When safe to do so, prevent others from entering the danger zone
- Call District Police or 911 when you are safe

HIDE

- If evacuation is not possible, find a place to hide
- Act quickly and quietly

- Lock and/or blockade the door
- Turn off lights, close window shades or curtains
- Be out of the shooter's view
- Silence your cell phone & put vibration mode on
- If you cannot find a safe place, hide behind objects

FIGHT

- As a last resort and only if your life is in danger
- Whether you are alone or working together as group...F I G H T
- Attempt to incapacitate the shooter
- Act with physical aggression
- Improvise weapons
- Commit to taking the shooter down, no matter what may happen
- Do NOT freeze, react!

LAW ENFORCEMENT ARRIVAL on SCENE

- Police Officers responding are trained to proceed to the area where shots were last heard
- Police Officers are not there to evacuate or tend to the injured
- Police Officers are there to stop the shooting as quickly as possible
- The first responding officers could be from another agency and wear different uniforms
- Officers could be in civilian clothes wearing an external bullet proof vest with an exposed badge
- Remain calm and follow their instructions
- Put down any books or items that you are carrying
- Always keep your hands visible and avoid yelling or pointing
- If you know where the shooter is location or the shooter's description, tell the officers
- Know that help for the injured is on its way
- After officers enter the area, rescue teams will follow to assist the injured and remove everyone in the area to safety
- Remember that the entire area is a crime scene
- Police will not let you leave until the situation is under control and witnesses identified
- Until you have been released, please remain at the assembly point authorities designate

STOP THE BLEED

- No matter how rapid the arrival of first responders, bystanders will always be first on scene
- A person who is bleeding can die from blood loss within five minutes, therefore it is important to quickly stop the bleeding
- Those nearest to someone with life threatening injuries are best positioned to provide first care
- If possible, use latex gloves for protection
- Expose the wound by tearing the clothing away and apply gauze or a clean cloth to the wound
- Apply pressure on top of the gauze or clean cloth to slow or stop the hemorrhage
- If the pressure does not stop the bleeding...Use a TOURNIQUET: Tourniquet should be placed 2 or 3 inches from the wound - Tourniquet should be applied between the heart and wound - Tourniquet can be secured over clothing
- Do not place a tourniquet on a joint such as an elbow, wrist, or ankle Note the time tourniquet was placed on the victim

AFTER INCIDENT

- Seek medical attention if needed.
- Assist police by offering any information you know about the shooter(s) and tell them what you saw and did during the incident.
- Seek Counseling if needed.

Considering violent incidents at other colleges and universities, the District Police Department provides training upon request on how to respond to Active Shooter/Violent Intruder incidents. Training for Active Shooter/Violent Intruder incidents is meant to help people help themselves and develop a survivor attitude by taking action and preplanning. This training is available to employees and students by contacting the District Police.

FIRE SAFETY

Be Calm and Be Quick! To properly use a portable fire extinguisher, know how to detach extinguishers from their mountings, stand 6 to 8 feet from the fire and then follow these steps:

- **P**ull the safety pin to unlock the lever to discharge
- **A**im the extinguisher nozzle at the base of fire
- **S**queeze the lever below the handle to discharge the extinguishing agent
- **S**weep the nozzle back and forth across the base of the fire, discharging all of the agent to assure the fire is out
- Notice the key letters above to easily recall what to do: **PASS** – Pull, Aim, Squeeze, and Sweep!
- If the fire does not begin to go out right away, leave the area, and call District Police immediately.
- When it comes to fire, what you do not know can hurt you. Take the time now to find out what you can do about preventing and fighting fire on your job.

STRUCTURE FIRES

NOTE: It is suggested that individuals who have a mobility impairment or use wheelchairs prepare for an emergency ahead of time by instructing coworkers or fellow students on how to assist in an emergency.

- Upon discovering a fire, close the door to the room where the fire is located and immediately sound the building fire alarm
- Call District Police immediately

- Give your name and the location of the fire
- Do not hang up until the dispatcher ends the call
- If the fire is small, you may wish to fight it with a fire extinguisher
- Be sure you are using the proper extinguisher for the type of fire you are fighting. If you are not sure, read the instructions on the extinguisher
- If the fire is large, very smoky, or spreading rapidly, sound the building fire alarm and leave the building immediately
- Inform others in the building who may not have responded to the alarm to leave immediately
- The alarm may not sound continuously. If the alarm stops, continue to evacuate the building, and warn other who may attempt to enter the building

ALWAYS EVACUATE A BUILDING IF THE ALARM IS SOUNDING

- If possible, take your purse or wallet and personal items with you before leaving
- If you have a mobility impairment, request help from those nearest you. If no one is there to assist you, proceed to the nearest stairway landing, and shout for help
- When fire alarms sound, do not use the elevators. An elevator may become a trap
- If there is a closed door, touch the door lightly with the back of your hand. If it is not warm, open slowly. Be prepared to close the door quickly if smoke or flames are present
- If there is smoke, crawl on hands and knees, keeping your head as close to the ground as possible to avoid inhaling toxic fumes

Earthquake Safety

ShakeOut Earthquake Information:

Earthquakes may happen anytime and almost anywhere. Most injuries caused by earthquakes are from falling or flying objects. It is important to practice how to be safe. You should protect yourself when you feel earthquake shaking, when you get an earthquake alert, when you do an earthquake drill.

If a table or desk is nearby:

DROP where you are, onto your hands & knees

COVER your head and neck with one arm and hand. Then crawl underneath the table or desk for additional shelter. Stay on your knees and bend forward to protect vital organs.

HOLD ON to your shelter with one hand. Keep covering your head and neck with your other hand

If there is nothing to get under:

DROP where you are, onto your hands & knees

COVER your head and neck with one arm and hand

Then crawl next to a wall, away from windows

HOLD ON to your head and neck with both arms and hands

If you cannot get back up again by yourself, do not drop to the ground

If using a wheelchair or walker, lock the wheels or set the brake. Bend forward and cover your head

If you are trapped in debris:

Move as little as possible so that you do not kick up dust

Cover your nose and mouth with a handkerchief or clothing

Tap on a pipe or wall so that rescuers can hear where you are

Use a whistle if one is available (keep one in your emergency kit)

Shout only as a last resort
